INDEX OF NAMES INCLUDED IN THE SIXTY-FIFTH BIBLIOGRAPHY

The Roman figures followed by (1) or (2) refer to the centurial classification (Part I); thus, Bourke, V. J., XIII(2) means that a paper by Bourke is listed under thirteenth century, second half.

The Arabic figures refer to the historical and to the systematic classifications (Part II and III) which are subdivided into sections numbered consecutively from 1 to 60. For instance, Balme, D. M., 4 indicates that a paper by Balme is listed in section 4 (Greece); Eisler, R., 29 indicates that a paper by Eisler is listed in section 29 (Zoology).

The symbols IV(a), IV(b), and IV(c) refer to the new sections on America, Oceania, and Africa at the end of Part II. For instance, Weslager, C. A., IV(a) indicates that a paper by Weslager is listed in section IV(a) (America).

INDEX OF NAMES INCLUDED IN THE SIXTY-SIXTH BIBLIOGRAPHY

The Roman figures followed by (1) or (2) refer to the centurial classification (Part I); thus, Bark, W., VI(1) means that a paper by Bark is listed under sixth century, first half.

The Arabic figures refer to the historical and to the systematic classifications (Parts II and III) which are subdivided into sections numbered consecutively from 1 to 60. For instance, Albright, W. F., 2 indicates that a paper by Albright is listed in section 2 (Egypt); Ackerknecht, E. H., 35 indicates that a paper by Ackerknecht is listed in section 35 (Anthropology).

The symbols IV(a), IV(b), and IV(c) refer to the new sections on America, Oceania, and Africa at the end of Part II. For instance, Colton, H. S., IV(a) indicates that a paper by Colton is listed in section IV(a) (America).
